If a demand for international preliminary examination is made, this opinion will usually be considered to be a written opinion of the International Preliminary Examining Authority ("IPEA"). However, this does not apply where the applicant chooses an Authority other than this one to be the IPEA and the chosen IPEA has notified the International Bureau under Rule 66.1bis(b) that written opinions of this International Searching Authority will not be so considered.

If this opinion is, as provided above, considered to be a written opinion of the IPEA, the applicant is invited to submit to the IPEA a written reply together, where appropriate, with amendments, before the expiration of three months from the date of mailing of Form PCT/ISA/220 or before the expiration of 22 months from the priority date, whichever expires later.

For further options, see Form PCT/ISA/220.

Four-wheeled vehicle (claim 14) with two steered front wheels (3) comprising a frame (4), handlebars (implicitly present), two rear wheels and a front suspension group (17) that acts upon said two front wheels (3) wherein said front suspension group (17) allows the rolling of the vehicle.

4. It would seem that the combination of the features of dependent claims 12-17 is neither known from, nor rendered obvious by, the available prior art. Care should be taken when drafting a new set of claims to remove alternative embodiments which
